Elle est alors placée dans un état d'apnée paroxystique qui peut atteindre jusqu'à 10 secondes et entraîner des crises d'épilepsie. La mort survient si l'apnée persiste plus de 4 à 5 minutes.

**ALBANIA** (continued) - The question  
of the status of the Albanian popula-  
tion in the new state has been raised.  
The "Government of the People's Democ-  
ratic Republic of Albania" has issued  
various statements concerning the  
status of the Albanian population, par-  
ticularly those of October 1944, November  
1944, December 1944, January 1945,  
February 1945, March 1945, April 1945,  
and May 1945.

After the first 10 days of the experiment, the mean weight gain was 1.5 g/day for the control group and 1.3 g/day for the group receiving 10% of the diet as *L. rhamnosus*. The difference was not statistically significant.

group of species in the subfamily Coccoidea and several other families of Homoptera.

John B. is a single, well-educated man, married, with interests primarily in his work, in politics, and in his family. He is a member of the United Methodist Church, and is involved in his church's social action committee. He is a father of two sons, ages 10 and 12, who attend public schools. John has been employed by the same company for over twenty years, and has been promoted from his original position as a line boy to present position as a locomotive engineer.

Today one can buy a house in India for Rs. 100,000 and above, which has been built by a mason and his wife, working on a plot of land of 100 square feet and equipped with a toilet. Today's India is a new India where people want to live, where people want to work, where people want to earn money, where people want to live in a better way.

we are doing  
for them."

Williamsburg occupies a prominent position in the history of American architecture. It is the only town in America which has preserved its original character and atmosphere. All the buildings, from the smallest house to the largest church, are built of wood, and are painted in various colors, giving them a gay and cheerful appearance.

doce de cada uno que se vio. Una vez  
dicho, el muchacho se quedó mirando  
el lecho vacío de su hermano. Tanto  
que el viejo le preguntó: «¿Qué pasa?»  
El muchacho respondió: «Nada, solo que  
me duele la cabeza». El viejo le respondió:  
«Pues, venid a mi despacho y os  
daré un remedio que os aliviará el dolor».  
Y el muchacho respondió: «Pero, papá,  
yo no siento dolor en la cabeza».

most interesting areas.

Along at last, he says, is the time "when we will be able to measure our progress, to understand our own strengths and weaknesses, to learn from our mistakes, to move forward in a positive direction." He adds, "I am very optimistic about the future of our country."

Primo: I am going around  
Virginia to do what we did last year  
and you will see me now and then in  
various parts of the state. We  
are still writing letters, and  
will have a few more to send out  
in the next few days. We  
have been in contact with  
the police department, who have  
been very helpful in our  
work. We have also been in  
touch with the local authorities  
and the state government, and  
we are doing our best to  
keep the public informed.
